# TURKEY - MIDDLE EAST TRADE FAIR TRADE'F

**Organized by İstamonu Fair Organization, TRADE'F will open its doors to its visitors for the first time on 21-24 September 2022 at Kastamonu Kuzeykent Fairground.**

**Turkey - Middle East Trade Fair TRADE'F** is the first mixed trade fair in the Western Black Sea Region with international exhibitors.

At the fair, in addition to public institutions, representatives of tourism, wood, informatics, environment, energy, electricity, education, food, construction, machinery, mining, architecture, automotive, plastics, health, agriculture and textile sectors will take place.

TRADE'F, where the guest country and business development platform will be created, is an event that can offer new business and cooperation opportunities to all participants, professional local and international visitors.

In the Western Black Sea Region, where tourism diversity, undiscovered beauties, agriculture and industry develop together and make significant contributions to the economy, TRADE'F, where local and local government units, chambers of industry trade, development agencies, private institutions and business associations will act together, is a real promotion and business forum.

# MAKE A STEP INTO NEW COMMERCIAL MARKETS

---

TRADE'F is a platform for participants who want to reach new markets for global brands and companies that are on their way to becoming a brand, to have a place in the Turkish market, and for bilateral business agreements with public and private sector buyers.

You should join TRADE'F to come together with the Turkish business world and take mutual commercial steps.

# PROMOTION AND BUSINESS FORUM

---

TRADE'F is a real promotion and business forum for Turkey - Middle East.

TRADE'F will provide the opportunity to meet with the leading brands and suppliers of Turkey and the Middle East, to research and trade, to discover innovations and to benefit from the experience of the leading decision makers of the sector, all under one roof.

You should visit TRADE'F to get detailed information about new markets and to find direction in trade.
